FUTURE PLANS

Plans for teaching career (subjects, grade level):

Describe in 2-6 sentences your experiences with Cal Teach or the K-12 internship program on your campus. Where were you placed (what school, school, which subjects) and what did you gain from the experience?

Indicate your first and second cluster preferences and explain your ranking:

(See <http://www.jacobsschool.ucsd.edu/cosmos/academics/clusters/> and click on the cluster title for cluster description)

Cluster title

- Cluster 1 Computers in Everyday Life
- Cluster 2 Engineering Design and Control of Kinetic Sculptures
- Cluster 3 Living Oceans and Global Climate Change
- Cluster 4 Earthquakes in Action
- Cluster 5 Bright Ideas: Light at Work
- Cluster 6 Exploring the Cosmos
- Cluster 7 Biological Motivations for Tensegrity Structures
- Cluster 8 The Molecular Biology Revolution

Explain:

What do you hope to gain from the experience working for the COSMOS Program this summer? (150 words or less)?

Please fax (858-822-3903), email (cosmos@ucsd.edu), or mail application (UCSD COSMOS, 9500 Gilman Dr. MC 0429, La Jolla, CA 92093-0429) no later than **Monday, March 31, 2009**. For questions, please send an email to cosmos@ucsd.edu or call Becky Hames, COSMOS Program Manager, at 858-534-4317.
